Work History

2022-02 – 2024-01

Senior Android Developer & Team Lead

NextOlive Technologies Pvt Ltd, Lucknow

- Main responsibilities include app development, managing projects and leading the team. From gathering requirements to delivery & support. I'm also contributing as a functional lead for a few projects.

Projects

1. **NexaGlobal:** Utility Android &ChromeOS apps.
2. **Taklief:** Service Management app (*Kotlin*)
3. **BoatX: iOT** based Android app
4. **MyCashPays:** Cashback& MLM concept Android app. Rich UI. (*Kotlin*)
5. **Dental App:** Medical Management app (*Kotlin*).
6. **TWA:** Security based Android app with A/V conferencing.
7.**LMS:**An e-learning app with LMS modules and functionalities. (*Kotlin*)
8. **Netkiller:** GCP based web application (Leading it functionally).
9. **Xelliss:** DirectScale based e-commerce web app (Leading it functionally).

There are many more projects that I have been working on. I have mentioned only a few here.
